Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Thursday 19 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly dry on Friday, rain spreading northeast later.

This Evening and Tonight:
Some patchy light rain over central and southeastern areas mostly dying out. Otherwise many places dry and rather cloudy,  a few clear spells in southwest and across the far north.

Friday:
The northeast cloudy with patchy rain but most places starting dry and bright. Thicker cloud and rain reaching the southwest in the afternoon will spread north in the evening.

Outlook for Saturday to Monday:
Saturday unsettled with outbreaks of rain, heavy at times. Drier on Sunday with just a few showers. Dry on Monday, warm in any sunshine.
